territory, have never gone in for sensationalism, so-called "stunts" or extravagant claims," says F. W. Wright of F. W. Wright, Inc., 1739 Broadway. "They have always made an effort to build as good a car as possible at the price and to rely upon the car buyers themselves to discover that the product was as good as could be produced at the price. This policy has built up a loyal following. "In one thing, however, the Auburn this season is unique. It is the only car in America that gives the buyer a choice between two makes of motors."

NEW MARMON FEATURES. "Lower bodies, slanting windshields and thinner tops are attractive features of the new closed car line an-

tures of the new closed car line announced by Nordyke & Marmon Company, builders of the light weight Marmon 34," says General Managor Frank G. Carrte, of the Marmon Automobile Company, Inc.
"Marmon closed cars for the 1917-18 season are only 79% inches over all in height, and yet the head room is ample, 53% inches. This is made possible by having the floor boards only 23% inches from the ground, a feature in turn made possible by the Marmon design, which eliminates heavy undersills."

AUTO NOTES.

The Haynes Automobile Company has announced the appointment of H. R. Keeling as advertising manager, succeeding R. T. Gray. Previous to coming East, Mr. Keeling was connected for some time with the automobile industry in Indiana, in advertising and selling capacities. He also,
